PRIVACY NOTICE

Applicable to all members of the Abbey Gate College community (past and present)

Reviewed: January 2021 (RK)
Governor Review: January 2021 (AG)
Next Review: January 2022 (RK)

Authorised and approved on behalf of the Board of Governors by:

Mr A. Grime - Chair of Governors

PRIVACY NOTICE

WHO WE ARE

Abbey Gate College is the longest running, independent, co-educational school for pupils aged four to eighteen in Chester. It belongs to the Deeside House Educational Trust Limited, a registered charity (273586) and a registered company (1269507). Our registered office is at Saighton Grange, Saighton, Chester, CH3 6EN.

Our Infant and Junior School is based in the idyllic village of Aldford, just two miles from the Senior School in Saighton.

The peaceful surroundings and our excellent pastoral care means that you can rely on a welcoming and calm environment for your child to study in. We believe education is about building self-esteem, adopting a love of learning and igniting a desire in all our students, to ensure they fulfil their academic and personal potential. We aim for our pupils to leave Abbey Gate College as confident, articulate, respectful and happy young high achievers with an enthusiasm and thirst for their next chapter in life.

Whether they dream of being an archaeologist or zoologist, at Abbey Gate College we strive for all our children to have their imaginations ignited and become the person they want to be.

This Privacy Notice is applicable to both settings, and covers prospective pupils and parents, existing pupils and parents, Alumni of the College, staff, governors and visitors. Abbey Gate College is the Data Controller for the purposes of this Notice.

WHAT THIS PRIVACY NOTICE IS FOR

This policy is intended to provide information about how the College will use (or "process") personal data about individuals including: its staff; its current, past and prospective pupils; and their parents, carers or guardians (referred to in this policy as "parents"). Collectively, we refer to these individuals as the College's community.

This information is provided because Data Protection Law gives individuals rights to understand how their data is used. Staff, parents and pupils are all encouraged to read this Privacy Notice and understand the College's obligations to its entire community.

This Privacy Notice applies alongside any other information the College may provide about a particular use of personal data, for example when collecting data via an online or paper form.

This Privacy Notice also applies in addition to the College's other relevant terms and conditions and policies, including:

- any contract between the College and its staff or the parents of pupils;
- the College's policy on taking, storing and using images of children;
- the College's CCTV policy;
- the College's retention of records policy;
- the College's safeguarding, pastoral, or health and safety policies, including as to how concerns or incidents are recorded; and
- the College's IT policies, including its Acceptable Use policy, eSafety policy and Bring Your Own Device policy.

Anyone who works for, or acts on behalf of, the College (including staff, volunteers, governors and service providers) should also be aware of and comply with this Privacy Notice and the College's data protection policy (within the data management handbook for staff, which also provides further information about how personal data about those individuals will be used).

RESPONSIBILITY FOR DATA PROTECTION

The College has appointed the Director of Finance and Operations as the Privacy Compliance Officer who will deal with all your requests and enquiries concerning the College's uses of your personal data (see section on Your Rights below) and endeavour to ensure that all personal data is processed in compliance with this policy and Data Protection Law.

The Director of Finance and Operations can be contacted via the College's postal address, by telephone via 01244 332077 (Main Reception) or by email via admin@abbeygatecollege.co.uk.

LAWFUL BASIS WHY THE COLLEGE NEEDS TO PROCESS PERSONAL DATA

In order to carry out its ordinary duties to staff, pupils and parents, the College needs to process a wide range of personal data about individuals (including current, past and prospective staff, pupils or parents) as part of its daily operation.

Some of this activity the College will need to carry out in order to fulfil its legal rights, duties or obligations – including those under a contract with its staff, or parents of its pupils.

Other uses of personal data will be made in accordance with the College's legitimate interests, or the legitimate interests of another, provided that these are not outweighed by the impact on individuals, and provided it does not involve special or sensitive types of data.

The College expects that the following uses will fall within that category of its (or its community's) "**legitimate interests**":

- For the purposes of pupil selection (and to confirm the identity of prospective pupils and their parents);
- To provide education services, including musical education, physical training or spiritual development, career services, and extra-curricular activities to pupils, and monitoring pupils' progress and educational needs;
- Maintaining relationships with alumni and the College community, including direct marketing or fundraising activity;
- For the purposes of donor due diligence, and to confirm the identity of prospective donors and their background and relevant interests;
- For the purposes of management planning and forecasting, research and statistical analysis, including that imposed or provided for by law (such as tax, diversity or gender pay gap analysis);
- To enable relevant authorities to monitor the College's performance and to intervene or assist with incidents as appropriate;
- To give and receive information and references about past, current and prospective pupils, including relating to outstanding fees or payment history, to/from any educational institution that the pupil attended or where it is proposed they attend; and to provide references to potential employers of past pupils;
- To enable pupils to take part in national or other assessments, and to publish the results of public examinations or other achievements of pupils of the College;
- To safeguard pupils' welfare and provide appropriate pastoral care;
- To monitor (as appropriate) use of the College's IT and communications systems in accordance with the College's acceptable use policy;
- To make use of photographic images of pupils in College publications, on the College website and (where appropriate) on the College's social media channels in accordance with the College's policy on taking, storing and using images of children;
- For security purposes, including CCTV in accordance with the College's CCTV policy;
- To carry out or cooperate with any College or external complaints, disciplinary or investigation process; and
- Where otherwise reasonably necessary for the College's purposes, including to obtain appropriate professional advice and insurance for the College.

In addition, the College will on occasion need to process **special category personal data** (concerning health, ethnicity, religion, biometrics or sexual life) or criminal records information (such as when carrying out DBS checks) in accordance with rights or duties imposed on it by law, including as regards safeguarding and employment, or from time to time by explicit consent where required. These reasons will include:

- To safeguard pupils' welfare and provide appropriate pastoral (and where necessary, medical) care, and to take appropriate action in the event of an emergency, incident or accident, including by disclosing details of an individual's medical condition or other relevant information where it is in the individual's interests to do so: for example for medical advice, for social protection, safeguarding, and cooperation with police or social services, for insurance purposes or to caterers or organisers of College trips who need to be made aware of dietary or medical needs;
- To provide educational services in the context of any special educational needs of a pupil;
- To provide spiritual education in the context of any religious beliefs;
- In connection with employment of its staff, for example DBS checks, welfare, union membership or pension plans;
- To run any of its systems that operate on biometric data, such as for security and other forms of pupil identification (lockers, lunch etc.);
- As part of any College or external complaints, disciplinary or investigation process that involves such data, for example if there are SEN, health or safeguarding elements; or
- For legal and regulatory purposes (for example child protection, diversity monitoring and health and safety) and to comply with its legal obligations and duties of care.

TYPES OF PERSONAL DATA PROCESSED BY THE COLLEGE

This will include by way of example:

- names, addresses, telephone numbers, e-mail addresses and other contact details;
- car details (about those who use our car parking facilities);
- bank details and other financial information, e.g. about parents who pay fees to the College;
- past, present and prospective pupils' academic, disciplinary, admissions and attendance records (including information about any special needs), and examination scripts and marks;
- personnel files, including in connection with academics, employment or safeguarding;
- where appropriate, information about individuals' health and welfare, and contact details for their next of kin;
- references given or received by the College about pupils, and relevant information provided by previous educational establishments and/or other professionals or organisations working with pupils;
- correspondence with and concerning staff, pupils and parents past and present; and
- images of pupils (and occasionally other individuals) engaging in College activities, and images captured by the College's CCTV system (in accordance with the College's policy on taking, storing and using images of children);

HOW THE COLLEGE COLLECTS DATA

Generally, the College receives personal data from the individual directly (including, in the case of pupils, from their parents). This may be via a form, or simply in the ordinary course of interaction or communication (such as email or written assessments).

However in some cases personal data will be supplied by third parties (for example another school, or other professionals or authorities working with that individual); or collected from publicly available resources. Some of the reasons listed above for collecting and using personal information overlap, and there may be several grounds which justify the school's use of your data.

WHO HAS ACCESS TO PERSONAL DATA AND WHO THE COLLEGE SHARES IT WITH

Occasionally, the College will need to share personal information relating to its community with third parties, such as:

- professional advisers (e.g. lawyers, insurers, PR advisers and accountants);
- government authorities (e.g. HMRC, DfE, police or the local authority);
- examination boards; and
- appropriate regulatory bodies (e.g. the Teaching Regulation Agency, the [Independent Schools' Inspectorate](#), the Charity Commission or the Information Commissioner).

For the most part, personal data collected by the College will remain within the College, and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis). Particularly strict rules of access apply in the context of:

- medical records held and accessed only by the College nurse and appropriate medical staff under his/her supervision, or otherwise in accordance with express consent; and
• pastoral or safeguarding files.

However, a certain amount of any SEN pupil's relevant information will need to be provided to staff more widely in the context of providing the necessary care and education that the pupil requires.

Staff, pupils and parents are reminded that the College is under duties imposed by law and statutory guidance (including [Keeping Children Safe in Education](#)) to record or report incidents and concerns that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This is likely to include file notes on personnel or safeguarding files, and in some cases referrals to relevant authorities such as the LADO or police. For further information about this, please view the College's Safeguarding Policy.

Finally, in accordance with Data Protection Law, some of the College's processing activity is carried out on its behalf by third parties, such as IT systems, web developers or cloud storage providers. This is always subject to contractual assurances that personal data will be kept securely and only in accordance with the College's specific directions.

The College works with the following third parties to process personal data :-

- 1) **West Country Business Systems (WCBS)** – this is the main management information system utilised by the College, which contains details such as names, dates of birth, addresses, email addresses and telephone numbers of staff, pupils (past and present), parents / guardians and those listed as emergency contacts, pupils' academic records, and sensitive personal data in relation to pupils' medical records.

- 2) **FireFly** – this is the College’s virtual learning environment that can be accessed by parents and pupils. The system contains the names, College email addresses and year groups of pupils together with details of their academic record. Parents who set up accounts on the system will need to provide their names and email address.
- 3) **Edufocus (Evolve System)** – this system is used for the effective planning of educational visits and co-curricular activity. Pupil information including medical records, and emergency contact information is fed from WCBS into the Evolve system.
- 4) **Aymer Software (Childcare Online Booking System)** – this system enables parents / guardians to book before and after school clubs and childcare. Parents create their own accounts on the system for themselves and their children, providing details such as names, dates of birth, addresses, email address, telephone numbers, emergency contact and medical information.
- 5) **Graduway (Online Alumni Platform)** - College alumni can sign up to use this system in order to be kept informed of relevant news and events, and to keep in contact with fellow alumni. Details such as names, addresses, date of birth and email address are stored by the system.
- 6) **Parent Pay** - this system enables parents / guardians to pay for non-compulsory items such as trips that are not included on the fee bill. Pupil names and year group data is passed from WCBS system to Parent Pay. Parents must activate their own accounts, and provide details such as name and email address in order to be able to use the system. Storage of debit and credit card details is optional.
- 7) **Unifrog** – this system holds pupil data to provide a one-stop-shop for finding, comparing and applying for degrees taught in English anywhere in the world. Pupils activate their own accounts, and provide details such as name and email address in order to be able to use the system.

HOW LONG WE KEEP PERSONAL DATA

The College will retain personal data securely and only in line with how long it is necessary to keep for a legitimate and lawful reason. Typically, the legal recommendation for how long to keep ordinary staff and pupil personnel files is up to 7 years following departure from the College. However, incident reports and safeguarding files will need to be kept much longer, in accordance with specific legal requirements.

If you have any specific queries about how our retention policy is applied, or wish to request that personal data that you no longer believe to be relevant is considered for erasure, please contact the Director of Finance and Operations. However, please bear in mind that the College will often have lawful and necessary reasons to hold on to some personal data even following such request.

A limited and reasonable amount of information will be kept for archiving purposes, for example; and even where you have requested we no longer keep in touch with you, we will need to keep a record of the fact in order to fulfil your wishes (called a "suppression record").

KEEPING IN TOUCH AND SUPPORTING THE COLLEGE

The College will use the contact details of parents, alumni and other members of the College community to keep them updated about the activities of the College, or alumni and parent events of interest, including by sending updates and newsletters, by email and by post. Unless the relevant individual objects, the College will also:

- Share personal data about parents and/or alumni, as appropriate, with organisations set up to help establish and maintain relationships with the College community.
- Contact parents and/or alumni by post and email in order to promote and raise funds for the College and, where appropriate, other worthy causes;
- Should you wish to limit or object to any such use, or would like further information about them, please contact the Director of Finance and Operations in writing. You always have the right to withdraw consent, where given, or otherwise object to direct marketing or fundraising. However, the College is nonetheless likely to retain some of your details (not least to ensure that no more communications are sent to that particular address, email or telephone number).

YOUR RIGHTS

□ Rights of access, etc.

Individuals have various rights under Data Protection Law to access and understand personal data about them held by the College, and in some cases ask for it to be erased or amended or have it transferred to others, or for the College to stop processing it – but subject to certain exemptions and limitations.

Any individual wishing to access or amend their personal data, or wishing it to be transferred to another person or organisation, or who has some other objection to how their personal data is used, should put their request in writing to the Director of Finance and Operations.

The College will endeavour to respond to any such written requests as soon as is reasonably practicable and in any event within statutory time-limits (which is one month in the case of requests for access to information, but actually fulfilling more complex requests may take 1 – 2 months longer).

The College will be better able to respond quickly to smaller, targeted requests for information made during term time. If the request for information is manifestly excessive or similar to previous requests, the College may ask you to reconsider, or require a proportionate fee (but only where Data Protection Law allows it).

• Requests that cannot be fulfilled

You should be aware that the right of access is limited to your own personal data, and certain data is exempt from the right of access. This will include information which identifies other individuals (and parents need to be aware this may include their own children, in certain limited situations – please see further below), or information which is subject to legal privilege (for example legal advice given to or sought by the College, or documents prepared in connection with a legal action).

The College is also not required to disclose any pupil examination scripts (or other information consisting solely of pupil test answers), provide examination or other test marks ahead of any ordinary publication, nor share any confidential reference given by the College itself for the purposes of the education, training or employment of any individual.

You may have heard of the "right to be forgotten". However, we will sometimes have compelling reasons to refuse specific requests to amend, delete or stop processing your (or your child's) personal data: for example, a legal requirement, or where it falls within a legitimate interest identified in this Privacy Notice. All such requests will be considered on their own merits.

- Pupil requests

Pupils can make subject access requests for their own personal data, provided that, in the reasonable opinion of the College, they have sufficient maturity to understand the request they are making (see section **Whose Rights?** below). A pupil of any age may ask a parent or other representative to make a subject access request on his/her behalf.

Indeed, while a person with parental responsibility will generally be entitled to make a subject access request on behalf of younger pupils, the law still considers the information in question to be the child's: for older pupils, the parent making the request may need to evidence their child's authority for the specific request.

Pupils at Senior school are generally assumed to have this level of maturity, although this will depend on both the child and the personal data requested, including any relevant circumstances at home. Slightly younger children may however be sufficiently mature to have a say in this decision, depending on the child and the circumstances.

- Parental requests, etc.

It should be clearly understood that the rules on subject access are not the sole basis on which information requests are handled. Parents may not have a statutory right to information, but they and others will often have a legitimate interest or expectation in receiving certain information about pupils without their consent. The College may consider there are lawful grounds for sharing with or without reference to that pupil.

Parents will in general receive educational and pastoral updates about their children. Where parents are separated, the College will in most cases aim to provide the same information to each person with parental responsibility, but may need to factor in all the circumstances including the express wishes of the child.

All information requests from, on behalf of, or concerning pupils – whether made under subject access or simply as an incidental request – will therefore be considered on a case by case basis.

- Consent

Where the College is relying on consent as a means to process personal data, any person may withdraw this consent at any time (subject to similar age considerations as above). Examples where we do rely on consent are certain types of uses of images and certain types of fundraising activity. Please be aware however that the College may not be relying on consent but have another lawful reason to process the personal data in question even without your consent.

That reason will usually have been asserted under this Privacy Notice, or may otherwise exist under some form of contract or agreement with the individual (e.g. an employment or parent contract, or because a purchase of goods, services or membership of an organisation such as an alumni or parents' association has been requested).

- Whose rights?

The rights under Data Protection Law belong to the individual to whom the data relates. However, the College will often rely on parental authority or notice for the necessary ways it processes personal data relating to pupils – for example, under the parent contract, or via a form. Parents and pupils should be aware that this is not necessarily the same as the College relying on strict consent (see section on Consent above).

Where consent is required, it may in some cases be necessary or appropriate – given the nature of the processing in question, and the pupil's age and understanding – to seek the pupil's consent. Parents should be aware that in such situations they may not be consulted, depending on the interests of the child, the parents' rights at law or under their contract, and all the circumstances.

In general, the College will assume that pupils' consent is not required for ordinary disclosure of their personal data to their parents, e.g. for the purposes of keeping parents informed about the pupil's activities, progress and behaviour, and in the interests of the pupil's welfare. That is unless, in the College's opinion, there is a good reason to do otherwise.

However, where a pupil seeks to raise concerns confidentially with a member of staff and expressly withholds their agreement to their personal data being disclosed to their parents, the College may be under an obligation to maintain confidentiality unless, in the College's opinion, there is a good reason to do otherwise; for example where the College believes disclosure will be in the best interests of the pupil or other pupils, or if required by law.

Pupils are required to respect the personal data and privacy of others, and to comply with the College's acceptable use policy and the College rules. Staff are under professional duties to do the same covered under the relevant staff policy.

DATA ACCURACY AND SECURITY

The College will endeavour to ensure that all personal data held in relation to an individual is as up to date and accurate as possible. Individuals must please notify the school office (admin@abbeygatecollege.co.uk) of any significant changes to important information, such as contact details, held about them.

An individual has the right to request that any out-of-date, irrelevant or inaccurate or information about them is erased or corrected (subject to certain exemptions and limitations under Data Protection Law): please see above for details of why the College may need to process your data, of who you may contact if you disagree.

The College will take appropriate technical and organisational steps to ensure the security of personal data about individuals, including policies around use of technology and devices, and access to College systems. All staff and governors will be made aware of this policy and their duties under Data Protection Law and receive relevant training.

THIS POLICY

The College will update this Privacy Notice from time to time. Any substantial changes that affect your rights will be provided to you directly as far as is reasonably practicable.

QUERIES AND COMPLAINTS

Any comments or queries on this policy should be directed to the Director of Finance and Operations using the contact details shown on Page 2 of this Privacy Policy.

If an individual believes that the College has not complied with this policy or acted otherwise than in accordance with Data Protection Law, they should utilise the College complaints procedure and should also notify the Director of Finance and Operations. You can also make a referral to or lodge a complaint with the Information Commissioner's Office (ICO), although the ICO recommends that steps are taken to resolve the matter with the College before involving the regulator.

COVID-19 Proactive Temperature Screening at Abbey Gate College

Privacy Notice

This Notice provides you with information about how Abbey Gate College manages your personal data and data privacy rights in the context of the COVID-19 proactive temperature screening and track and trace details.

Why is Abbey Gate College conducting temperature screening?

Abbey Gate College is introducing temperature screening as one of several measures to mitigate the spread of COVID-19 to enable the college to continue educating pupils on site. By adding this layer of temperature screening, we will ensure that no person with an elevated temperature accesses our sites. While a high temperature is only one symptom of COVID-19, this type of monitoring has proven to be an effective way to make sure individuals with a high temperature are directed to take the proper precautions.

Screening will be in place for as long as it is necessary to protect the health and safety of pupils and workers, taking into account Government directives and guidance relating to social distancing measures and working from home arrangements.

What personal data will you collect in connection with temperature screening?

The relevant categories of personal data that will be processed are:

- your surface skin temperature (to a very limited extent, as explained below);
- where applicable, that temperature screening indicated an elevated body temperature;

What personal data will you collect in connection with track and trace?

- Along with the date and time of your arrival and departure in the workplace, we will collect your name and contact telephone number.
- If you do not have a telephone number, you have the option to provide a postal address or an email address.

How will my personal data be used?

Your surface skin temperature data will be used by the college to determine whether you may access the site(s).

Abbey Gate personnel are subject to appropriate duties of confidentiality and contractual terms with Abbey Gate College that comply with applicable data privacy legislation.

If initial screening and a confirmatory screening shows an elevated temperature, you will not be permitted access to the site. Staff - you will be required to inform your Line Manager

immediately and report your absence and follow appropriate Government guidance. Visitors/Contractors you will not be permitted access to the site and must make alternative arrangements for your visit.

If you decline the opportunity to be screened, Staff- you must inform your Line Manager of this and report your absence. Your Line Manager will inform HR and inform you about the appropriate next steps that will be taken based on your failure to follow a reasonable instruction. Visitors/Contractors – you will not be permitted on site and must make alternative arrangements for your visit.

Abbey Gate College's legal basis for processing your personal data for the purpose of temperature screening is that it is necessary for the purposes of AZ's legitimate interests to: (i) safeguard the health and wellbeing of our pupils, employees and communities; and (ii) ensure the continued supply of our education to pupils. Your body temperature data (being "special category data" relating to health under applicable data protection legislation) is processed so that we can comply with our employment law duties to safeguard the health and safety of our pupils and workers.

Who else will personal data be shared with?

Authorised staff will have access to your temperature.

In the event of a positive COVID-19 test we will use your data to get in touch with you and advice you to follow government guidelines regarding isolating.

How long will my personal data be kept for?

The legal basis for collecting this data are legal obligation and public interest.

Your temperature will not be stored.

Visitor/contractors- COVID 19 track and trace details will be stored for at least 3 weeks and then destroyed in a safe and secure manner.

Your rights

As defined in the data protection law, GDPR Article(s) 12-23, you have the following rights:

- The right to be informed about the collection and use of your personal data. This is outlined above.
- The right to access the information we hold about you; also known as a Subject Access Request (SAR).
- The right to request rectification of any inaccurate personal data we hold about you. In certain circumstances exemptions to these rights may apply. Further information is available on the Information Commissioner's Office website.

Complaints

If you consider that your personal data has been misused or mishandled by us, you can contact our Data Protection Advisor at admin@abbeygatecollege.co.uk to raise a complaint.

If you remain dissatisfied you can make a complaint to the Information Commissioner, who is an independent regulator. The Information Commissioner can be contacted as follows:

Information Commissioner's Office Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Telephone: 0303 123 1113 **Email:** casework@ico.org.uk

Any complaint to the Information Commissioner is without prejudice to your right to seek redress through the courts.
